Frequently Asked Questions
(Every Member Should Read This)

What should I do when I sell my property at Barefoot Resort?

Provide proof of sale upon closing by forwarding a copy of the first two pages of the HUD settlement statement to the Membership Dept. The Membership Dept. will then initiate cancellation and any dues credit owed member and also correspond with the buyer regarding their membership options. Of course, the membership is transferable to the buyer of a property which has a membership attached. Memberships are not transferable from one property to another.

What is the member-guest rate?

Currently ranges from $35 to $95, depending on season and day. Resort member guests play at member-guest rate. Member-guest rates are tied to the full "walk-in" rates and season.

A special member-guest rate is offered on Wednesdays. Member guests pay $40 in non-peak season and $60 in peak season if accompanied by a member or are using the "Unaccompanied Guest Voucher." Social Members receive these rates if using the "Social Member Voucher."

Do I need a member ID and, if so, how do I get it?

All Resort Members, including family members eligible for membership, must have a permanent magnetic stripe ID card in order to receive privileges and benefits associated with the membership. ID's are obtained by making an appointment with the Membership Dept. to have a photo taken and ID processed.

All members must present their ID when checking in for golf, buying merchandise or buying food and beverage at any of our Barefoot Resort & Golf facilities.

May members switch from Social level to Golf level and vice versa?

Yes, members may switch from Social to Golf or vice versa at any time depending on when the member last changed levels. Barefoot does not switch members between Golf level and Social level depending on the time they are at or not at Barefoot Resort.

There is no additional fee for switching to the Golf level or switching to the Social level.

What happens when I fall behind on account and dues payments?

Any member with an account that is 30 days or more past due will not be allowed to charge to their member account until the balance is paid in full. Any member with an account that is 60 days or more past due will not receive any member discounts or privileges until the balance is paid in full. Accounts 6 months past due result in revocation of membership with full initiation fee required for reinstatement.

How do I keep up with my account balance?

The Accounting Dept. sends statements to all members depending on account activity and dues charges. If a member charges to an account, a statement listing all charges will be sent at the beginning of the following month. Statements listing dues charges are sent at the beginning of each quarter (calendar year) following the date the actual charge is made.

Statements may be sent to members either by e-mail or through the postal service.
